CHILDREN TO REPORT

UTTERANCES OF TEACHERS

PATTERSON, N. J., April 19.—At a meeting last night attended by 1000 school pupils, a majority of them children of the mill strikers, it was decided to appoint a committee of children in each classroom to report to the strike leaders any utterances the teachers may make in which the Industrial Workers of the World are referred to as "anarchists." This action was taken following the speeches of William D. Haywood and other I. W. W. leaders. There have been persistent reports that the school children were preparing to strike, but the teachers say they anticipate no trouble.

REPEAL THE LAW MAKING SUICIDE ATTEMPT CRIME

BUT ONE CONVICTION IS OBTAINED AND PRISONER IS GIVEN PARDON.

Charles Wilson of Churchill county who was sentenced to a term in the prison for failure to commit suicide, has been pardoned by the board during the session. This was probably the most ridiculous law ever placed on the statutes of Nevada. That the members of the late legislature so considered this law is evidenced from the fact that no less than five different bills were introduced to repeal the act. This man, who was unfortunate in many ways, was the only one of more than a score who was amenable under this law. At least half a dozen women attempted suicide during the term of this law. Many men failed and one victim who pleaded guilty to the charge received the sentence. When the judge fixed the minimum sentence he remarked that unfortunately he had to carry out the provisions. When Wilson was received at the prison it seemed like a joke and the warden endeavored to make the sentence as light as possible. One victim to a fool law was sufficient in Nevada. Any man or woman who is in such mental condition that attempts suicide needs the advice of friends and the attention of the medical profession more than a term in prison. The repeal of this law was among the wise acts of the late legislature.

HEAD OF STATE POLICE LOSES VALUABLE SETTER

Captain Donnelly, head of the state police, has lost his valuable setter, a dog which he has had for years, and which is known from one end of the state to the other. The animal was shot by some unknown person at the captain's home in Carson City early yesterday morning. Three bullets ended the dog's life.

The setter was extremely intelligent, and had learned to perform many little tricks. This was one thing that made him so well known, for he was always willing to perform for people when the captain instructed him to do so.

EQUIPMENT FOR CAVALRY CAN BE SENT AT ONCE

Word has been received from the war department that equipment for an organization of cavalry or engineers in Nevada could be sent to this state without delay. The four companies of infantry in Nevada may decide to change over to some other arm of the service in order to be equipped. Further details on the subject are expected soon from General R. K. Evans, chief of the militia division under the secretary of war.

The officers of the state militia are extremely anxious to secure equipment for the Nevada companies without loss of time in order that the soldier boys may appear in full uniform and equipment when the G. A. R. encampment opens.

ANOTHER POSTPONEMENT IN SENTENCING SCOTT

Another postponement in the sentencing of Bert Scott for the murder of Ben Swago at Rochester was made in the district court at Winnemucca yesterday. Scott was to have been sentenced to life imprisonment several days ago, in case his motion for a new trial was denied. A postponement was taken until yesterday. When the case came up yesterday, Judge Robins informed the court that the firm of Salter and Robins appeared for the defendant, in the absence of Attorney Hardy, who is ill in Lovelock. For this reason he asked for a continuance and the time for passing sentence was set for Monday, April 28, at 10 a. m.

NEVADA SHEEP RAISERS OPPOSE WOOL SCHEDULE

Sheep growers of Nevada, especially the members of the Nevada Wool Growers' association who have forwarded a protest to the state's representatives in congress and to the president, are anxiously awaiting some definite word as to the proposed abolition of the tariff on wool.

If it's of exceptional value at the price, it's sure to be advertised in the Bonanza, else the merchant would be hopelessly unprogressive.
